FRANCHI®

FEELS RIGHT

NEW!

Shown with optional Burris scope base.

Introducing the New Franchi Momentum

Feels right: in the crowded bolt-action market, no brand has built a rifle from the ground up on ergonomics, fit and feel. Until now.

The Momentum is designed to be an extension of the body, regardless of shooting position. The stock combines curvy lines and crisp checkering to yield an ideal hold in 5 different positions on and off the bench, while the recessed swivel attachments save the left hand from recoil. Speaking of recoil, 50% of it melts into the Twin Shock Absorber recoil pad—the same we use for our shotguns.

The action features the same blend of comfort and crispness, with its glass-smooth bolt operation and short 60-degree lift. The trigger is single stage, adjustable (2-4 lbs.) and incredibly crisp, enabling you to benefit from the tremendous accuracy potential of the free-floating barrel.

Lastly, the Momentum's traditional looks with a modern attitude place it in a class of its own—with its spiral fluted bolt, exquisitely-designed stock and bright Franchi logo on the grip-cap. In all, the Momentum is a rifle that looks as right as it feels.

Momentum

Superior Ergonomics and Feel, Italian Tradition

NEW!

MOMENTUM RIFLE

Black synthetic, Bolt-action (shown with optional 2-piece Burris scope base, item #99801 – not included)

MOMENTUM RIFLE COMBO

Black synthetic, Bolt-action, Burris Fullfield II 3-9 X 40 mm scope

The stock of the Momentum is truly revolutionary. It combines raised curves and crisp checkering to offer the most ergonomic feel and positive hold in 5 frequently-used shooting positions. Most uniquely, the raised curves enable your supporting hand not only to grip the stock steadily, but also to exert forward or backward pressure if needed.

The feature-rich Momentum makes its debut in 6 popular hunting calibers—from .243 Win to .300 Win Mag—and in three configurations: as rifle only (black synthetic, threaded or plain barrel) or as a package topped by a 3-9 X 40mm Burris scope. Should you opt for the rifle-only version, the Momentum takes the same scope bases as the Remington model 700 (two-piece bases only).

STANDARD FEATURES

FLUTED BOLT: 3 large-sized locking lugs, 60 degree bolt throw.

FINISH: Black synthetic.

FREE-FLOATING BARREL

ADJUSTABLE TRIGGER: 2 - 4 lbs.

THREADED BARREL: Accepts muzzle accessories, 5/8 x 24 threads.

TSA RECOIL PAD: Absorbs 50% of felt recoil.

HINGED FLOORPLATE

INTEGRATED SWIVEL MOUNTS

OPTIONAL FEATURES

BURRIS 2-PIECE SCOPE BASE: Item #99801

BURRIS ZEE RINGS: Item #99802

BURRIS FULLFIELD II 3-9x40mm SCOPE: Item #99800

MOMENTUM BOLT-ACTION RIFLE

41535	.308 Winchester	22"	Black synthetic	42.3"	7.7 lbs.	\$729
41545	.30-06 Springfield	22"	Black synthetic	42.3"	7.7 lbs.	\$729
41551	.300 Win. Mag.	24"	Black synthetic	44.3"	7.8 lbs.	\$729

SPECIFICATIONS: Capacity: 4+1 (.300 Win. Mag. 3+1) Twist: 1:11, RH (6.5 Creedmoor 1:8, RH; .243 Win. and .270 Win. 1:10, RH) BBL: Free-floating, Threaded Length-of-Pull: 14" (Rifle combo includes rifle, scope, two-piece scope base and rings and threaded barrel)

The one-piece bolt is spiral fluted and features 3 large-sized locking lugs for a rock-solid lockup—which translates into accuracy and reliability. The bolt is easily disassembled and has a short, 60-degree throw.

The cold-hammer-forged, chrome-molybdenum, matte-finish barrel is entirely free-floating for maximum accuracy. The end is threaded under a knurled cover, making it easy to attach a variety of muzzle accessories (5/8 x 24 thread).

The proven TSA recoil pad absorbs 50% of felt recoil and will not snag on your clothes as you shoulder the rifle. Also, a checkered recess at the rear of the stock will comfortably accommodate your left hand as you shoot from a bench.

How many times has a conventional swivel-stud hit your left hand under recoil? "Feels right" also means getting rid of this annoying problem—in this case by designing the stock so that the swivel attachments do not protrude.

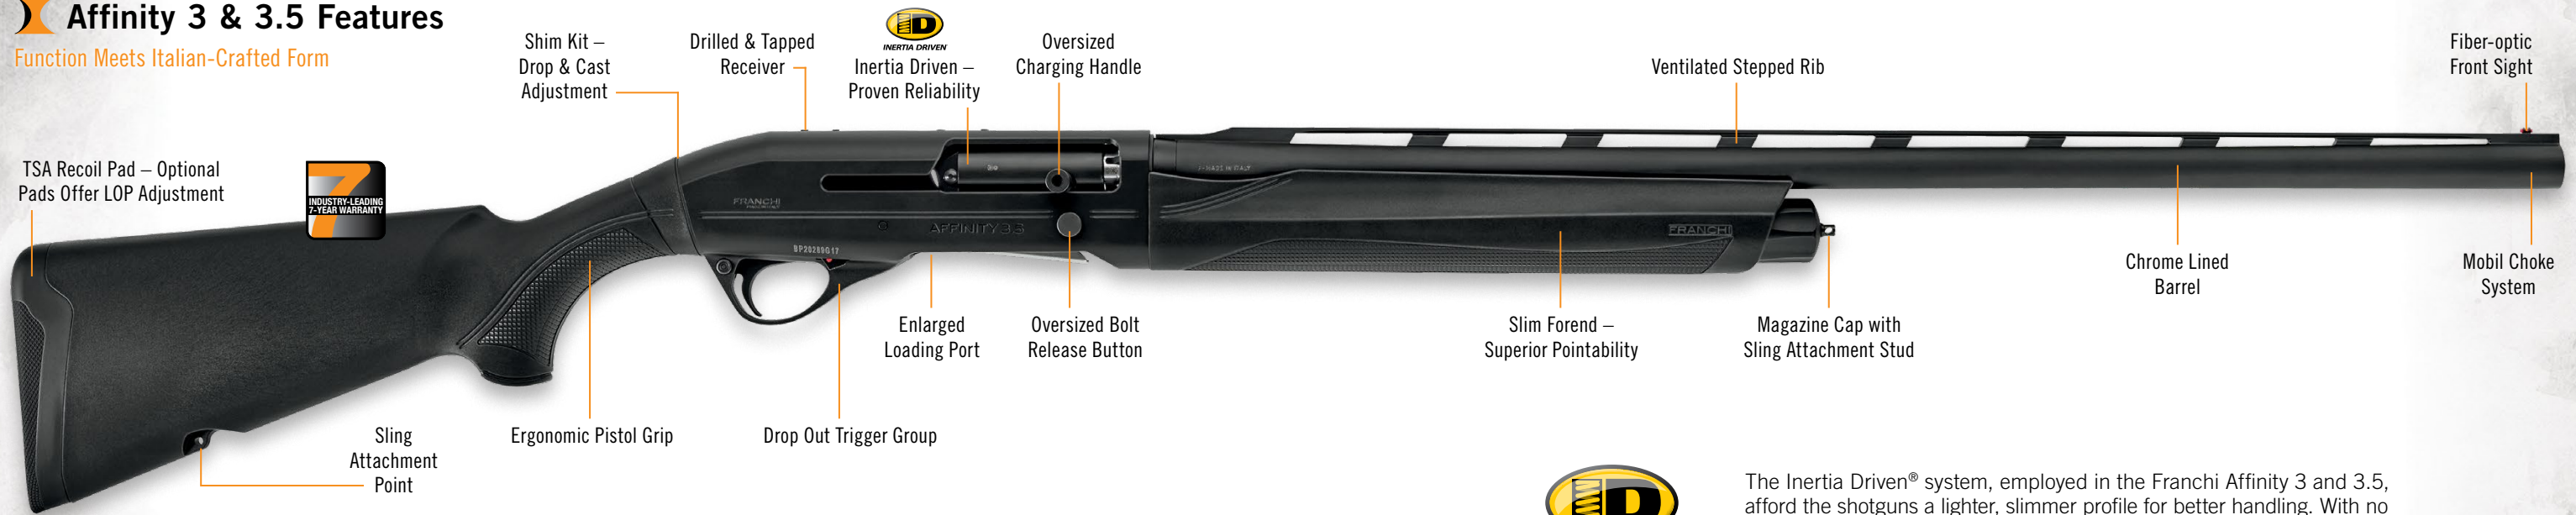

The Momentum sports a hinged floorplate magazine with the release located in the trigger-guard. To release the floorplate the catch must be fully depressed, which minimizes the chance of doing so accidentally. (Shown with optional scope base)

With the two-position safety on, you can still operate the bolt: safely chamber a round or remove it from the chamber at the end of your hunt. The single-stage trigger is especially crisp and adjustable from 2 to 4 lbs. (Shown with optional scope base)

Affinity 3 & 3.5 Features

Function Meets Italian-Crafted Form

The proven design of the inertia-driven Franchi Affinity just got better. Available in 3" or 3.5" magnum configurations, these Italian-crafted, semi-auto shotguns have been upgraded with an over-sized bolt release and charging handle, plus an improved easy-to-use loading port. Additional features include a drilled and tapped receiver, stepped vent rib, fiber-optic front sight, Mobil choke system and a variety of finish options...all backed by the Franchi 7-year warranty.

EASY OPERATION

Over-sized controls

An over-sized bolt release and charging handle make for easy operation of the action, even with gloved hands.

EASY SCOPE MOUNTING

Drilled & tapped

The Affinity 3 and 3.5 receivers are drilled and tapped to facilitate quick and easy mounting of optics and accessories.

EASY LOADING

Enlarged loading port

The enlarged loading port makes loading additional shells quick and easy, a must for glove-wearing weather conditions.

CHROME-LINED BARREL

Uses screw-in Mobil chokes

The chrome-lined, vent rib barrel is fitted with a fiber-optic front sight and uses readily available Mobil chokes.

INERTIA DRIVEN

The Inertia Driven® system, employed in the Franchi Affinity 3 and 3.5, afford the shotguns a lighter, slimmer profile for better handling. With no heavy gas cylinder under the forend, Franchi Inertia Driven® shotguns balance and swing like a fine game gun should.

PROVEN RELIABILITY — The Inertia Driven® system never needs adjusting and will cycle anything from field loads to 3½" magnums with consistent reliability, year, after year, after year.

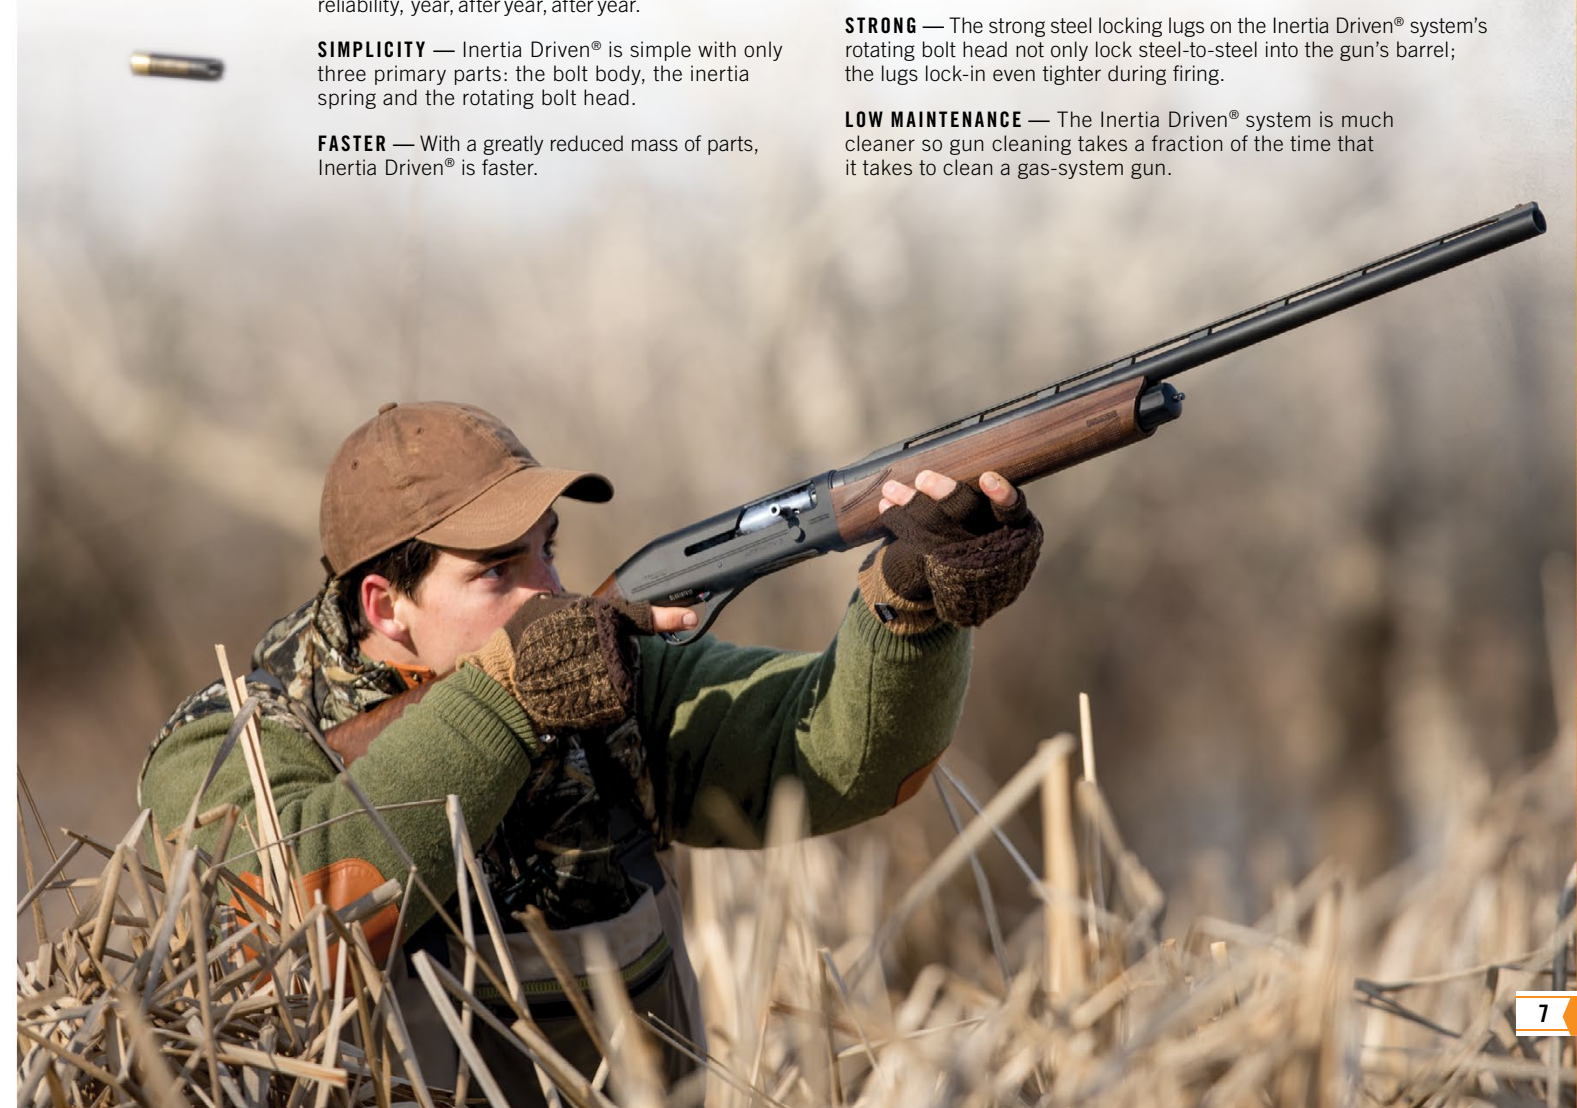

CLEANER — Gas, smoke and burnt powder stay in the barrel where they belong, rather than being channeled into the gun's mechanism, as they are in gas systems.

SIMPLICITY — Inertia Driven® is simple with only three primary parts: the bolt body, the inertia spring and the rotating bolt head.

STRONG — The strong steel locking lugs on the Inertia Driven® system's rotating bolt head not only lock steel-to-steel into the gun's barrel; the lugs lock-in even tighter during firing.

FASTER — With a greatly reduced mass of parts, Inertia Driven® is faster.

LOW MAINTENANCE — The Inertia Driven® system is much cleaner so gun cleaning takes a fraction of the time that it takes to clean a gas-system gun.

Your Franchi firearm is backed by a 7-Year Warranty.
A 7-Year Warranty guarantees that if anything should go wrong, under normal use, your firearm will be serviced for you by skilled gunsmiths at our national firearm service center. While your Franchi is under warranty, we will assume the cost of parts, labor and shipping required to get your firearm back to you and working perfectly.

Affinity 3.5

Balanced Performance

AFFINITY 3.5 – 12-GA, 3 1/2"
ITEM # 41110 Mossy Oak® Bottomland™

Power should be an asset, never a liability: the Affinity 3.5 feels and handles like a smaller-gauge shotgun while offering the full capabilities of today's 3 1/2" shells. Together, our Inertia Driven® system and TSA pad—which absorbs up to 50% of the recoil—translate into a pleasant shooting experience no matter the conditions. Handling is also optimized thanks to the slim forend profile made possible by the recoil spring being efficiently housed around the magazine tube. The stock is also trim and includes an internal balance weight that can be removed to customize weight-distribution.

The Affinity 3.5 is available in three finishes and comes with either a 26- or 28-inch barrel that sports a stepped, ventilated-rib with a red fiber-optic front sight. Three choke tubes are supplied with the Affinity 3.5, including IC, M, and F (choke wrench included). Shouldering and aiming the Affinity 3.5 is like pointing your finger—you will instantly know what "right" feels like.

The Affinity 3.5's trigger group is easily removed for cleaning and maintenance by punching out a single pin.

The Affinity 3.5's proven Inertia-Driven® system, features a bolt assembly with a rotating bolt head that ensures a positive steel-to-steel lock-up.

AFFINITY 3.5 – 12-GA, 3 1/2"
ITEM # 41100 Realtree® Max-5™

AFFINITY 3.5 – 12-GA, 3 1/2"
ITEM # 41095 Black synthetic

The Affinity 3.5 receiver is drilled and tapped to facilitate quick and easy mounting of optics and accessories.

The Affinity 3.5 features a 3 1/2-inch chamber, designed to handle the heaviest 3 1/2-inch magnum loads for waterfowl and turkey, down to 2 3/4-inch, 1 1/4 ounce heavy target loads.

STANDARD FEATURES

CHOKE TUBES: IC, M, F and wrench.
FINISHES: Realtree® Max-5™ Mossy Oak® Bottomland™ or Black synthetic.
SHIM KIT: For adjustment of drop and cast.

OPTIONAL FEATURES

TSA RECOIL PADS: Three options to customize length-of-pull.
EXTENDED CHOKE TUBES: C, IC, M, IM, F, XFT, Pass, Decoy

Affinity 3

Smooth Swinging

AFFINITY 3 – 12-GA, 3"
ITEM # 41035 Realtree® Max-5™

AFFINITY 3 – 12-GA, 3"
ITEM # 41045 Mossy Oak® Bottomland™

The Affinity 3 semi-automatic shotgun is the ideal coming together of Italian craftsmanship and American passion. Even as you first shoulder it, you'll be surprised by its lean dimensions, functional design and ideal weight and balance. The trim forend helps keep your hand close to the bore axis, meaning quicker and more intuitive pointing. The custom-grade controls—bolt handle, bolt release and loading port—are oversized for positive use even with gloved hands. The TSA recoil pad makes the Affinity 3 easy on the shoulder in the field or on the clay range.

The Affinity Compact comes standard with four 1/4-inch spacers that allow the length-of-pull to be adjusted from 12³/₈" to 13³/₈" in quarter-inch increments.

Affinity Left-Hand

True Southpaw Semi-Auto

Franchi meets the needs of southpaw shooters with the Inertia Driven® Affinity left-hand model which includes an ejection port and safety button that are located on the left side of the gun. No longer does the left-handed shooter have to put up with hulls ejecting across his or her face or have to reach around to load the gun or activate the safety.

STANDARD FEATURES

CHOKE TUBES: IC, M, F and wrench.
FINISHES: Black synthetic.
SHIM KIT: For adjustment of drop and cast.

OPTIONAL FEATURES

Affinity Catalyst NEW!

The Ultimate Auto-Loader for Ladies

AFFINITY CATALYST – 20-GA, 3"
ITEM # 40873 A-Grade satin walnut

AFFINITY CATALYST – 12-GA, 3"
ITEM # 40872 A-Grade satin walnut

CATALYST

Take the popular Affinity, optimize it for women's physical structure and you get the Affinity Catalyst. No, it is not a renamed youth model, as is true with other brands; it is the result of a scientific study aimed to deliver professional-level performance for women. The heart of the concept is the stock—drop, cast, pitch and length of pull. As women's cheek-bones sit higher than men's, the comb is raised to achieve eye-alignment with no need to lift the head. Also, the special cast makes it easy to shoulder. In all, the Affinity Catalyst will give women the feel and function that serious shooters expect of their semiauto.

STANDARD FEATURES

CHOKE TUBES: IC, M, F and wrench.
FINISHES: A-Grade satin walnut.
SHIM KIT: For adjustment of drop and cast.

OPTIONAL FEATURES

TSA RECOIL PADS: Three options to customize length-of-pull.

40872	28"	A-Grade satin walnut	48.5"	6.6 lbs.	\$969
20-GAUGE 2 3/4" AND 3"					
NEW! 40873	26"	A-Grade satin walnut	46"	5.7 lbs.	\$969

COMMON SPECIFICATIONS: Magazine Capacity: 4+1 Chokes: IC, M, F and wrench
Type of Sights: Fiber optic red-bar front sight Length-of-Pull: 13 3/8" Drop at heel: 1 1/2"
Drop at Comb: 1 1/4" Minimum recommended load: 3-dram, 1 1/2 ounce;
20-Gauge 7/8 ounce, 1200 FPS.

The Affinity Catalyst features a 3-inch chamber, which is designed to handle everything from 2 3/4-inch, 1 1/4 ounce target loads to the heavy 3-inch magnum loads for waterfowl and turkey. The conveniently located safety, at the rear of the trigger guard, makes for easier, more intuitive operation.

The A-Grade satin walnut stock of the Affinity Catalyst has been specifically designed to better accommodate a woman's build. The drop, cast, pitch, and length-of-pull have all been tailored to women shooters.

Instinct Catalyst

A Classic Over & Under Designed Just for Her

INSTINCT CATALYST – 12-GA, 3"
ITEM # 40802 A-Grade satin walnut
Color case hardened receiver, blue barrels

The Italian tradition and craftsmanship of the Franchi Instinct series, fully re-imagined in an innovative, affordable, 12-ga. over & under built specifically for women. Like its sister, the Affinity Catalyst, our Instinct Catalyst's stock has been redesigned with a drop, cast, pitch, LOP and grip length that better aligns with a women's body. Red, fiber-optic front sights put eyes on target quickly and confidently, with a classic, A-Grade satin walnut finish that just looks right, as well. Much more than just a shorter stock dressed in pink, this is a shotgun that immediately feels right in the hands and on the shoulder of today's women shooters.

The Instinct L features an all-steel, extra-strong color-case receiver with the name "Instinct L" engraved in gold on the right side. The distinctive receiver includes a tang-mounted automatic safety that also acts as a barrel selector. An attractive gold-plated trigger completes the Instinct L's stylish look. The Prince of Wales style stock is cut from A-Grade satin walnut and features cut checkering on the slim forend and pistol grip. A traditional satin oil-finish complements the wood's beautiful grain and protects the stock from the elements of weather.

COMMON SPECIFICATIONS: Chokes: IC, M, F Type of Sights: Red Fiber Optic Front Bead Length-of-Pull: 14½" Drop at heel: 2" Drop at Comb: 1½"

The Instinct SL receiver is fitted with automatic ejectors and features a locking bolt that emerges from the bottom of the standing breech to engage a recess machined into the barrel monobloc.

The Instinct SL stock, cut from fine AA-grade walnut in the classic Prince of Wales style, features cut-checkering and sports a lustrous oil-finish. The lightweight alloy receiver houses a distinctive trigger and trigger guard displaying the gold-inlaid Franchi logo.

INSTINCT SPORTING

Clay-Busting Perfection

The slim ergonomic forend sports a flared Schnabel shape.

INSTINCT SPORTING – 12-GA, 3"
ITEM # 40835 A-Grade satin walnut, steel receiver, blue barrels

Franchi's Instinct Sporting is an over & under 12-gauge shotgun inspired by the specific needs of clay target shooters. Featuring 30-inch barrels with knurled extended choke tubes for easy identification and changing, the Instinct Sporting weighs in at 7.85 pounds and has all the features a clays competitor expects. Blending style and performance in a way that's functional and attractive, makes this an appealing over & under for clay target shooters at every level.

The Instinct Sporting features a slim pistol grip complete with a palm swell and cut checkering to promote a positive hold and total control of the gun.

The Instinct Sporting features 30-inch barrels with a wide vent-rib and knurled extended choke tubes for easy identification of choke constriction, and allows for quick fitting and removal.
