We make it visible.

## THE SMALLER THE WINDOW OF OPPORTUNITY, THE BIGGER THE SHOT.

**THIS IS THE MOMENT WE WORK FOR.**

Introducing CONQUEST HD5 with SuperZoom, the new standard in 1" premium riflescopes. With its compact, lightweight and rugged body and powerful 5x zoom, CONQUEST HD5 is the most versatile scope you'll ever take into the field. Its extremely low profile makes it ideal for virtually any hunting scenario and application, from the tight quarters of heavy brush to the broad expanses of open field and alpine mountains. For long-range hunters, the new lockable target turret helps to take the guesswork out of shots from extended distances. And when it comes to image quality, Carl Zeiss lenses with protective LotuTec® and T\* coatings are unrivaled for their brightness, contrast and clarity.

# CONQUEST HD5

## THE NEW STANDARD IN 1" PREMIUM RIFLESCOPES.

### 2 – 10 x 42

This compact rifle scope boasts an extremely wide field-of-view in 2-power and variable magnification up to 10x for unmatched versatility, from close encounters in dense cover to mid- and long-range hunting applications.

### 3 – 15 x 42

The most versatile in the HD5 line, this compact rifle scope covers anything from close range to mid and long range distances. The ideal hunting scope for mobile hunters. Features side parallax adjustment knob and Z-Plex reticle with either hunting or lockable target turret. Also available with RAPID-Z® 600 or 800 reticles with hunting turret.

### 3 – 15 x 50 **NEW**

We took the extremely compact and versatile 3-15x42 model and outfitted it with a large 50 mm objective. With its high magnification range and increased light transmission, this scope extends the hunting day and allows you to take full advantage of last shootable light.

### 5 – 25 x 50

The most compact, high-magnification rifle scope in the industry, and the most powerful in the HD5 line, this rifle scope is perfect for mid- to extra-long-range hunting situations. Its wide magnification range provides flexibility for shooting in vast open terrains with magnum calibers. Features side parallax adjustment and is available with Z-Plex reticle or RAPID-Z® reticles with or without lockable target turrets and zero stop.
