

**Trijicon**  
**ACOG®**

## THE SCOPE THAT CHANGED EVERYTHING

There's a reason the Trijicon ACOG® (Advanced Combat Optical Gunsight) is the official medium-distance engagement optic of the U.S. Special Operations Forces and Marine Corps. And there's a reason over one million ACOGs have been produced. They offer an illuminated reticle pattern for use in bright to low/no light, along with legendary durability and reliability. In fact, every feature of its design was chosen for a single purpose: to provide increased hit potential in all lighting conditions.

## FEATURES

### BATTERY-FREE ILLUMINATION

Most ACOG® models feature a tritium/fiber optic illuminated reticle that automatically adjusts the brightness based on available light.

### RUGGED ALUMINUM-ALLOY HOUSING

Forged 7075-T6 aircraft-aluminum-alloy housing provides for a nearly indestructible sighting system.

### “BOTH EYES OPEN” DESIGN

The ACOG® can be used as a CQB sight when shooting “both eyes open,” utilizing the Bindon Aiming Concept (see pg. 7).

### SUPERIOR QUALITY GLASS LENSES

Multi-coated lenses provide superior clarity and light-gathering capabilities with zero distortion.

### FIXED MAGNIFICATION

Fewer moving parts than a variable optic equals more durability. Seven magnifications available: 1.5x, 2x, 3x, 3.5x, 4x, 5.5x, and 6x.

### BULLET DROP COMPENSATING & RANGING RETICLES

Available in most models.

### COMBAT PROVEN

No other magnified optic has been used more in combat than the ACOG®.

### SHOCK-RESISTANT

Proven to withstand recoil from a .22LR to a .50BMG and everything in between. Easily passes U.S. Military drop test requirements.

### WATERPROOF

Exceptional waterproof performance. Dry nitrogen-filled to eliminate fogging. Exceeds military standards.

### LIMITED LIFETIME WARRANTY

Tritium lamp is warranted to illuminate for 15 years on fiber optic scopes and 10 years on non-fiber optic scopes.

*“I can't speak highly enough of this scope. It has been strapped to my leg through 37 airborne operations, 7 fast ropes in the mountains of the Korengal Valley and hundreds of combat patrols with zero failure. Thank you for such a great product.”*

*— Staff Sergeant  
Donovan Burson  
Pathfinder Company*

Trijicon

# ACOG®/RMR® Combo

## THE ULTIMATE SIGHT FOR CQB AND LONG DISTANCE

This dual-sighting system gives the shooter a distinct tactical advantage with the option of either the Trijicon ACOG® or the RMR®. For quick target acquisition, choose the RMR® Type 2 LED, Type 2 Adjustable LED or RMR® Dual-Illuminated sight. For accuracy and pinpoint bullet placement at a distance, choose the magnified ACOG. You have the best of both worlds. No tools are needed for windage and elevation adjustments because the ACOG also features external windage and elevation adjusters.
